Amros Living is a design-focused furniture and modular solutions studio, offering a carefully curated portfolio of international furniture, wardrobes, kitchens, and interior systems.

We work closely with homeowners, architects, and interior designers to provide solutions that combine aesthetic clarity, material quality, and functional precision.

Our collections reflect contemporary international design, while being adaptable to the spatial and lifestyle needs of modern Indian homes.

With showrooms across multiple cities, Amros Living serves clients who value quality, thoughtful design, and long-term durability.

**A CURATED DESTINATION FOR
REFINED LIVING**

OUR *philosophy*

THOUGHTFUL CURATION. ENDURING VALUE.

At Amros Living, we believe furniture is not merely placed within a space — it quietly defines how that space is experienced, lived in, and remembered.

Our philosophy is rooted in thoughtful curation. Every piece and system we present is chosen with intention for its design integrity, material honesty, and its ability to remain relevant beyond changing trends.

We value timeless aesthetics, refined finishes, and functional clarity — ensuring that what we offer is not only visually elegant, but also intuitive and enduring in everyday use.

Equally important is balance. Each element should complement the architecture of the space, enhance its character, and contribute to a sense of harmony and ease.

Our role is to help create environments that feel considered, personal, and complete — where design, functionality, and longevity coexist effortlessly.

OUR CURATION

At Amros Living, our curation brings together some of the world's most respected furniture, thoughtfully selected to offer both global design excellence and practical relevance for modern Indian homes.

BUILT IN INDIA. INSPIRED BY THE WORLD.
CREATED FOR THE WORLD.

Our journey began with curating some of the finest international furniture and modular solutions — working closely with global brands, understanding their philosophy, and bringing their design excellence into Indian homes.

Through this experience, a deeper vision emerged. A vision not only to bring the best of the world to India, but to build from India — with the same commitment to design integrity, material quality, and thoughtful detailing.

This vision led to the creation of Interno — our modular wardrobes and kitchens, designed with a global perspective and crafted in India.

We believe wardrobes and kitchens are not merely functional elements, but deeply personal spaces — shaping daily routines, enhancing comfort, and bringing a sense of order and harmony to the home.

Interno wardrobes are designed to integrate seamlessly into living spaces, balancing elegance with intuitive functionality.

Interno kitchens are created as spaces to live, gather, and experience everyday moments — where material, proportion, and purpose come together effortlessly.

Crafted in India with carefully selected materials and refined finishes, Interno reflects our commitment to building with intention and responsibility.

Our vision extends beyond creating for Indian homes. It is to contribute to a larger movement — to design and build in India at a standard that resonates globally.

INTERNO

Design Without Boundaries. Crafted Around You.

As a design-led brand, Interno moves beyond standardisation. Instead of asking clients to fit into predefined modules, we shape our solutions around their ideas, their spaces, and their way of living.

We welcome architects, designers, and homeowners to challenge conventions — to explore possibilities beyond the expected. Every Interno wardrobe and kitchen is approached as a unique creation, guided by proportion, material sensitivity, and thoughtful detailing.

TRIBÙ

At Amros Living, our curation brings together a collective of internationally respected brands each with its own distinct design language, yet united by a shared commitment to craftsmanship, material excellence, and enduring relevance.

Each brand we associate with reflects our philosophy — timeless design, refined detailing, and the ability to integrate seamlessly into modern architectural spaces.

Together, they form a curated design ecosystem that allows us to support a wide range of spatial expressions while maintaining a consistent standard of quality and aesthetic clarity.

A curation shaped by perspective, not volume.

Who we work with?

Partnering in Design. Delivering with Integrity.

Homeowners

We work directly with clients to provide furniture and modular solutions catailored to their home, lifestyle, and spatial requirements.

Architects and Interior Designers

We actively collaborate with architects and designers, supporting their projects with curated furniture and modular systems aligned with their design intent.

Residential and Large-Scale Projects

We provide solutions for apartments, villas, and larger residential developments requiring consistent design and execution quality.

We see every collaboration as the beginning of a long-term relationship, built on trust, shared vision, and a commitment to excellence.

What differentiates Amros?

*DEFINED BY CURATION. GUIDED
BY DESIGN. BUILT ON TRUST.*

Curated Portfolio

We focus on carefully selected collections rather than mass-market sourcing.

Balanced Offering

A combination of international furniture brands and refined modular solutions.

Design-Aligned Solutions

Products selected to integrate seamlessly with contemporary architecture and interiors.

Consultative Experience

Each client and project is approached with attention, clarity, and detail.

Long-Term Reliability

Our focus is on providing solutions that remain relevant and durable over time.

THE AMROS EXPERIENCE

Begin a Conversation. Explore the Possibilities.

Whether you are shaping a private residence, developing a project, or exploring ideas for a future space, we welcome the opportunity to connect. At Amros Living, every collaboration begins with a conversation — understanding the vision, the space, and the intent behind it. We invite homeowners, architects, and designers to visit our showroom, explore our collections, and discover how thoughtful curation and a design-led approach can contribute meaningfully to their projects.
